

# RIGHT FEED FOR A RICH YIELD

## AMINO ACID POWDER

### AMINO ACID FOR PLANTS

### PROTEIN FOR GREATER HEALTH AND SURER HARVEST

Fish amino acid from the richest and most environment-friendly sources of all -lean fish - ideal for sustainable agriculture. It not only feeds crops, but feeds soil and the entire ecosystem, helping us keep planet earth clean and healthy for all life forms for all generations to come. Harming none and profiting everyone involved.

You can infuse it to the soil during fertigation and foliar spray it during vegetative and flowering stages.

#### BENEFITS

- Increases Photosynthesis & chlorophyll content
- Improves fruit set & quality
- Improves efficiency of pest protection
- Helps better fruit setting
- Promotes more flowering
- Gives higher yield of superior quality.

**METHODS OF APPLICATION:** Foliar spray and Drip irrigation.

**DOSAGE:** Recommended to use at 5-10 Litre/Hectare through foliar spray in 10-15 splits.

**PACKING:** 25kg LDPE Bags

## SPECIFICATION

|            |                               |       |       |
|------------|-------------------------------|-------|-------|
| Nitrogen   | N                             | 6.96  | %     |
| Phosphorus | P <sub>2</sub> O <sub>5</sub> | 12.58 | %     |
| Potassium  | K                             | 0.85  | %     |
| Sulphur    | S                             | 0.24  | %     |
| Calcium    | Ca                            | 0.31  | %     |
| Magnesium  | Mg                            | 0.05  | %     |
| Sodium     | Na                            | 0.29  | %     |
| Iron       | Fe                            | 97    | mg/Kg |
| Manganese  | Mn                            | <1    | mg/Kg |
| Zinc       | Zn                            | 14    | mg/Kg |
| Copper     | Cu                            | 1.7   | mg/Kg |
| Cobalt     | Co                            | <0.05 | mg/Kg |
| Boron      | B                             | <5    | mg/Kg |
| Molybdenum | Mo                            | 6-7   |       |

### AMINO ACIDS g/100g FUNCTIONAL PROPERTIES

|               |       |                               |
|---------------|-------|-------------------------------|
| Glycine       | 8.2   | Chelating agent               |
| Glutamic Acid | 12.84 |                               |
| Alanine       | 3.6   | Glowing buds                  |
| Methionine    | 1.8   | Building blocks               |
| Leucine       | 2.6   |                               |
| Isoleucine    | 4.6   |                               |
| Valine        | 4.8   |                               |
| Lysine        | 6.9   |                               |
| Arginine      | 2.2   | Super energy booster          |
| Aspartic Acid | 7.2   |                               |
| Tryptophan    | 1.2   | Energy Conversion Amino Acids |
